MINERS OFFICIALS  
SAY STRIKE IS 100  
PER CENT EFFECTIVE

THAT EVERY ONE OF HALF MIL-  
LION UNION MINERS RE-  
SPONDED

6,000 MINES ARE EFFECTED—ENGI-  
NEERS AND PUMPS NOT  
CALLED OUT

(By United Press.)

BIRDSEYE VIEW OF THE  
STRIKE SITUATION

Here is the strike situation  
at a glance:  
490,000 union miners are  
idle and thousands of others  
affected.  
6,000 mines are closed.  
1,500 open shop mines are  
producing.  
Daily wage loss not less than  
\$2,000,000.  
In nations' bins a 65,000,000  
ton reserve.  
Strike brought on by mine  
owners refusing to enter agree-  
ments.

Indianapolis, Ind., April 1.—The coal  
strike started at midnight last night,  
and is one hundred per cent effective,  
union officials announced at head-  
quarters here today.

Six thousands mines were tied up  
and nearly 600,000 men were idle.  
Everyone of the half million union  
mine workers responded, President  
John L. Lewis said, except the pump-  
ers, engineers and firemen, who will  
prevent flooding of the mines.

Thousands of non-union men were  
reported to have joined in the suspen-  
sion.

"We have tried to bring the mine  
operators into wage conferences, now  
we are going to fight," Lewis said to-  
day.

Fifteen hundred miners in the open  
shop fields were feverishly heaving  
coal above the ground to augment the  
necessary 65,000,000 ton reserve. This  
surplus and non-union products will  
enable the country to endure the strike  
for at least six weeks without feeling  
any fuel shortage, possibly longer.

Lewis conferred frequently during  
the last few days with Secretary Wil-  
liam E. Green and district union chiefs  
trying to devise some means to budge  
eastern operators from their opposi-  
tion to an interstate wage negotiation.  
They also discussed the attitude of  
the federal and state governments.

The officials are known to resent  
bitterly the apparent willingness to  
use troops and state constabulary to  
put down the strike.

No Violence, President is Determined  
By HERBERT WALKER  
(United Press Staff Correspondent.)

Washington, April 1.—With a nation  
wide mine strike on in full swing to-  
day, President Harding faces the first  
big domestic crisis of his administra-  
tion.

Believing that he has done every-  
thing possible to prevent the walkout,  
the President now has one thought up-  
permost in his mind—there shall be no  
violence.

The President has given the situa-  
tion much serious consideration and  
is definitely determined how to meet  
the crisis. Emphatic orders have gone  
to Attorney General Daugherty to use  
a firm hand in preventing outbreaks  
and bloodshed. Harding has given the  
word that this must be a peaceful  
strike. The public is also to be given  
the utmost protection.

The department of justice has been  
informed to nip at the start any at-  
tempt by coal dealers to take advan-  
tage of the strike to boost prices. Warn-  
ing has gone out to them.

## Public Ownership

Washington, April 1.—Public own-  
ership of coal mines may have to be re-  
sorted to in order to protect the in-  
terest of the public, said Senator Bor-  
ah of Idaho, chairman of the senate  
labor committee, after a survey of the  
strike situation.

"There has been a shameless waste-  
ful method, coupled with exorbitant

INCUMBENT STATE  
OFFICERS ENDORSED  
BY CONVENTION

Minneapolis, April 1.—Incumbents  
were endorsed for state office with the  
exception of clerk of the supreme  
court, which went to Miss Grace F.  
Kaercher of Ortonville, on the second  
ballot, and then was made unanimous.  
There were seven candidates for this  
office.

The other candidates endorsed are:  
Governor—J. A. O. Preus.  
Lieutenant Governor—Louis L. Col-  
lins.

Secretary of State—Mike Holm.  
Auditor—Ray P. Chase.  
Treasurer—Henry Rines.  
Railroad and Warehouse Commis-  
sioner—Ivan Bowen.

Attorney General—Clifford L. Hilton.  
Senator Kellogg, Judge Hallam and  
Governor Preus appeared before the  
convention late in the day after the  
senatorial and gubernatorial endorse-  
ments had been made and each made  
a brief address.

The only ballots taken during the  
day were on senator, treasurer and  
clerk of the supreme court, but the bal-  
lot on treasurer was interrupted by a  
motion to make Mr. Rines' endorse-  
ment unanimous and this prevailed.

The numerous candidates in the su-  
preme court clerkship race necessitat-  
ed a second ballot as no endorsement  
was voted in the first.

EX-EMPEROR KARL  
OF AUSTRIA DEAD

ENDS LIFE IN EXILE ON THE MA-  
DEIRA ISLANDS SURROUNDED  
BY HIS FAMILY

(By United Press.)  
Funchal, Madeira, April 1.—Ex-Em-  
peror Karl of Austria died in exile  
here today. The former Austrian em-  
peror was ill this morning with double  
pneumonia. He began sinking early  
today. Yesterday he was kept alive  
by administrations of oxygen.

Ex-Empress Zita was with Karl in  
his exile home. She sent a telegram to  
Vienna, urging the king's former court  
physician to come to his bedside. The  
doctor hurried to Madeira.

Karl, once emperor of Austria, and  
also known as King Karl IV of Hun-  
gary, was an almost pitiful example  
of the way fate has dealt with Euro-  
pean monarchs. He succeeded Franz  
Josef on November 21, 1916, and had  
only defeat and discouragement of his  
country on his hands until the world  
war forced his flight. He was contin-  
ually under German domination. He  
was of the Hapsburg line and a de-  
scendant of Rudolph of the Romans.  
1273 A. D. He was 33 years old.

Italian and Belgium Royal  
Young People will Wed

(By United Press.)  
Rome, April 1.—The engagement of  
Princess Yolando, of Italy, to Crown  
Prince Leopold, of Belgium, was an-  
nounced this afternoon, according to  
the Messagero which quotes the high-  
est official authority for its state-  
ment.

The engagement was rumored when  
a visit of the King and Queen of Bel-  
gium to Italy was proposed. Previous-  
ly Princess Yolando had been men-  
tioned as a possible bride for the  
Prince of Wales.

The Messagero said the King and  
Queen of Italy would shortly visit  
Brussels.

1,000 PAINTERS ON  
STRIKE IN CHICAGO

(By United Press.)  
Chicago, April 1.—One thousand  
painters went on a strike here today  
in protest against the Landis award of  
95c an hour.

Their contract providing for \$1.25  
an hour expired at midnight. 48 of  
the largest painting contractors have  
placed their shops under the Landis  
award.

prices saddled on the public. If the  
industry is not re-organized in the in-  
terests of the public it may be neces-  
sary to try an experiment with public  
ownership," he said.

"I do not under-estimate the task  
it takes to accomplish this."

THREE INSURGENT  
REPUBLICANS FILE  
STATE TICKET

EX-CONGRESSMAN ELLSWORTH  
HEADS TICKET AS CANDIDATE  
FOR GOVERNOR

(By United Press.)

St. Paul, April 1.—Insurgent repub-  
licans today filed a ticket with the se-  
cretary of state. Franklin L. Ells-  
worth, former Mankato congressman,  
heads the insurgent ticket, said to be  
pledged to a clean-up of politics in  
Minnesota. He filed as a candidate  
for the nomination of governor at the  
republican primaries.

J. J. Magnuson of St. Cloud filed for  
state auditor. Lloyd Ahlstrom of Min-  
neapolis filed for lieutenant governor.

The trio went to the capitol in a  
body and set forth their principles.  
Ernest Lundeen of Minneapolis has  
filed as a candidate for the republican  
nomination for United States senator,  
opposing Frank B. Kellogg, who was  
endorsed yesterday by the republican  
state convention.

Mrs. Peter Oleson Is  
Democrat Nominee  
For the U. S. Senate

Minneapolis, April 1.—Mrs. Peter  
Oleson of Cloquet, was endorsed by the  
state democratic convention as their  
candidate for the United States sen-  
ate at the June primaries.

It was said that it was probably the  
first time in the history of the coun-  
try that a major political party has in-  
dorsed a woman for the United States  
senatorship.

Mrs. Oleson has taken a prominent  
part in Democratic politics in Minne-  
sota and the nation for several years.

Earlier in the evening a committee  
of Democrats conferred with similar  
committees from the state Nonparti-  
san league and the Working People's  
Nonpartisan league, which also are  
holding their state conventions to-  
night. It was reported that an effort  
was made to agree on a ticket which  
all three organizations would sup-  
port. After the conference, which was  
executive, Howard Everett of St. Paul,  
state Democratic chairman, declared  
nothing had been accomplished upon  
which a statement could be made.

JAPS WILL CON-  
CENTRATE FLEET  
NEAR MAINLAND

By CLARENCE DUBOSE  
(United Press Staff Correspondent.)

Tokio, April 1.—After carrying out  
the program of naval reduction pro-  
vided by the Washington conference,  
Japan will concentrate its fleet on the  
coast of the Japanese mainland, ac-  
cording to apparent authentic reports  
today.

These reports followed the confer-  
ence of field marshals and admirals  
held here to adopt the program after  
the naval meeting with representatives  
of the Washington conference.

WEALTHY CHICAGO  
MAN CONFESSES  
TO 350 ROBBERIES

WIFE ACCOMPANIED HIM PUSH-  
ING PERAMBULATOR CARRY-  
ING CHILD

(By United Press.)

Chicago, April 1.—Dr. Paul Hartung,  
member of a wealthy Chicago family,  
has confessed to robbing 350 Chicago  
homes in the last few weeks, accord-  
ing to the police. Loot disclosed  
amounts to about \$100,000.

Hartung was characterized as the  
"perambulator robber." Police declar-  
ed he robbed a home while accompa-  
nied by his wife, the latter pushing  
the perambulator carrying a small  
child and acting as lookout. While  
she did the outside guard stunt, Hart-  
ung entered the residence from the  
rear.

DRUG CLERK SHOT  
TWO BANDITS, ONE  
DEAD, IN A FIGHT

Minneapolis, March 31—"It didn't  
amount to much. I knew they were  
nervous and as soon as I got hold of  
that big gun, I knew I was going to  
get them and get them good."

Edward M. Rosenfield, 2 year old  
Minneapolis drug store clerk, objected  
to posing as a hero while police told  
how he grappled with a bandit, took  
his gun away from him, shot him dead  
with it and then, using the slain man's  
body as a shield shot a second band-  
it through the shoulder and chest.

The shooting occurred in the LaSalle  
Drug company's store, No. 2, at 1319  
Sixth Avenue North, last night. Four  
bandits were in the gang. Two enter-  
ed the store, one was a lookout at the  
door and a fourth sat in an automob-  
ile at the curb. The dead man has  
not been identified. The second band-  
it, seriously wounded, has been iden-  
tified as James McLaine, aged 24, an  
ex-convict. The other two escaped.

The bandit killed by Edward Rosen-  
field during a holdup of the LaSalle  
Drug company's store, here last night  
was identified today as Robert Stew-  
art, a former convict.

The identification of Stewart was  
made by acquaintances of James Mc-  
Lean, who was wounded during the at-  
tempted holdup, when they visited the  
county morgue. Investigation showed,  
according to police, that Stewart  
had served five years in state prison,  
after conviction in St. Paul. He was  
liberated two months ago.

THE OVERTHROW OF  
FREE STATE GOVT  
FEARED IN IRELAND

DUBLIN IS FILLED WITH REBEL  
TROOPS, IT IS SAID, FOR  
THAT PURPOSE

(By United Press.)

Dublin, April 1.—A coup d'etat by  
republican rebels against the Irish  
free state before the new government  
has been established twenty-four hours,  
was feared today.

Dublin was filled with rebel troops  
who have come in from outlying dis-  
tricts. The streets were thronged with  
followers of Eamonn De Valera and  
there was open talk of seizing public  
buildings and ousting the provisional  
government.

A proclamation issued in the name  
of eight rebel leaders called upon the  
army to renounce allegiance to the  
free state, caused alarm.

Throughout the country, particu-  
larly in the west, renewed outbreaks  
of mutineers were reported. Police bar-  
racks were seized, loyal troops being  
driven out.

## NORTHWEST NEWS

(By United Press.)

State Swimming Championship  
Duluth, April 1.—Minnesota high  
schools opened the state championship  
swimming meet at the Y. M. C. A. here  
this afternoon.

Teams from every important high  
school in the state have entered the  
meet, the first ever held at the head of  
the lakes.

The program includes a 40-yard  
dash, 100-yard breast stroke, 100-yard  
free style, 100-yard back stroke, 220-  
yard free style, 160-yard relay and a  
fancy diving contest.

Gold, silver and bronze medals will  
be awarded the first three places in  
each event.

## Wage Controversy

Grand Forks, April 1.—The wage  
controversy at the state mill and ele-  
vator between contractors and labor-  
ers was reopened today. The workers  
struck in the middle of last month  
when their wages were reduced from  
eighty to seventy cents an hour.

The contractors reconsidered and  
the men went back to work for eighty  
cents an hour under contract until  
April 1.  
Officials have not indicated what re-  
duction, if any, they will ask the men  
to take in the contract to be negoti-  
ated today.

VETERANS' HOSPITAL  
FOR MENTAL CASES  
TO GO UP AT FORT

STRUCTURE COSTING \$2,000,000 AND  
HOLDING 500 PATIENTS IS  
PLANNED

Washington, March 31.—A hospital  
for soldiers afflicted with mental dis-  
orders will be erected at Fort Snelling  
by the Veterans bureau if plans al-  
ready made are unchanged. The hos-  
pital will accommodate 500 patients and  
will cost \$2,000,000. Colonel Charles  
R. Forbes, director of the Veterans'  
bureau, has informed Congressman  
Oscar E. Keller of St. Paul that he will  
ask the secretary of war to turn over  
to the Veterans bureau sufficient land  
on the Fort Snelling reservation to  
provide for the hospital and buildings  
for housing the members of the staff,  
including nurses.

This will be done immediately upon  
the approval of the Langley law which  
is now in congress and is expected to  
be acted upon promptly when it goes  
from the house to the senate. Colonel  
Forbes is not in Washington today but  
it was said by Colonel R. U. Patterson,  
chief of the Medical Division, that the  
bureau is anxious to locate this hospi-  
tal at Fort Snelling. It is possible the  
land, in which event it will be located  
at Fort Lincoln, N. D.

"We are specially anxious to locate  
the hospital for the treatment of men-  
tal cases at Fort Snelling in order that  
we have the advantages of the services  
of the specialists in the twin cities,"  
said Colonel Patterson. "We are also  
anxious to have the hospital built on  
government land so as to avoid going  
into the market and buying land from  
private owners. The more money saved  
in that way the larger the amount  
that can be put into the hospital itself.

Estimates of the cost of construction  
range from \$300 a bed to as high as  
\$450, depending upon the cost of ma-  
terial and labor.

AIRPLANE STRIKES  
SMOKESTACK, TWO  
MEN DEAD AS RESULT

(By United Press.)  
Macon, Ga., April 1.—Two men are  
dead and one in a dying condition here  
today as the result of an airplane  
striking a high smoke stack late yes-  
terday.

The dead are John Costa of Anthony  
Kansas and Ray Roundtree of Port-  
land, Oregon.

INDIAN RADICALS ARE  
ARRESTED IN JAPAN

(By United Press.)  
Tokio, April 1.—A number of Indian  
radicals have been placed under ar-  
rest here for their alleged activities in  
connection with the Indian agitation  
against Great Britain.

It was considered probable that they  
would be deported. The move was be-  
lieved to have been part of the pre-  
paration for the visit of the Prince of  
Wales.

POWERFUL THIRD  
POLITICAL PARTY  
IS LAUNCHED

PURPORTS TO REPRESENT 23,000-  
000 WORKERS AND 10,000,000  
FARMERS

(By United Press.)

Washington, April 1.—A powerful  
third party—purporting to represent  
23,000,000 workers and 10,000,000 farm-  
ers in the United States—entered the  
national political arena here today.

The definite decision to form the  
new party as the great coal strike be-  
gan is regarded here as most signifi-  
cant.

The 600,000 miners now quitting  
work throughout the country have  
joined hands with the railroad work-  
ers and farmers to form the backbone  
of the new organization, Fred C. Howe,  
secretary of the national committee,  
told the United Press today.

FILINGS FOR THE  
LEGISLATURE IN  
THIS DISTRICT

(By United Press.)  
St. Paul, April 1.—S. E. Gartner of  
Brainerd filed as a candidate for the  
legislature from the 53rd district.  
T. Rosenmeier, former county at-  
torney, of Little Falls, filed for sena-  
tor from the 53rd district.

Fistic Duel Is Silly  
Says One Participant

(By United Press.)

Carmel, Cal., April 1.—Theodore  
Criley, artist, today said his fistic duel  
of a week ago with Harry Leon Wil-  
son, author, was the "most silly, child-  
ish, idiotic thing California had ever  
seen."

"It was none of my seeking," he  
said. Wilson has remained very silent  
since the battle and reports have it  
he agreed to forget it. The men fought  
a duel with fists in the deep woods  
near here. Each had two seconds.  
The fight followed after Wilson al-  
leged Criley had insulted him.

BELIEVE MISSING

er who disappeared two weeks ago, is  
thought to be dead, said R. C. Rogers  
of the Byrnes detective agency today.

CLOUD HEARING  
IS CONTINUED

ALLEGED "SOUL MATE" IS FREE  
PENDING FILING OF  
BOND

(St. Cloud Journal-Press.)

Willard H. Cloud, prominent insur-  
ance man, and Mrs. Lillian Cronin,  
his alleged "soul mate," were late yes-  
terday arraigned in police court be-  
fore Judge Donohue, who set April 7  
as the date on which the two will be  
given a hearing. Cloud and Mrs.  
Cronin are charged with a statutory  
offense by Mrs. Cloud, who alleges  
that her husband and Mrs. Cronin fled  
from Minneapolis last fall, and have  
been living together since.

Bond was fixed at \$500 for each of  
the defendants. Mrs. Cronin was re-  
leased from custody immediately af-  
ter the hearing, and has until Monday  
to furnish her bond. Cloud was be-  
ing held in jail this afternoon, but his  
bonds probably will be furnished late  
today.

The Cloud-Cronin case is considered  
unique by Stearns county officials, in-  
asmuch as Cloud is charged with hav-  
ing posed as the head of another man's  
family consisting of three persons,  
Mrs. Cronin and her two children, one  
a girl of eighteen. Cloud at one time  
was one of the leading insurance men  
of Minneapolis, and has been in the  
business since coming here last Janu-  
ary.

COLLEGE EDUCATION  
A GREAT ADVANTAGE

St. Paul, April 1.—"There are great  
advantages in a college education,"  
said Prof. D. J. Curtis of the Univer-  
sity farm school, as he felt rather  
kittenish on it being April 1. He  
asked the class to identify a list of  
prominent persons he had drawn up.  
Among these was "Charlotte Russe."  
Nine out of ten students "fell" for  
the name of this celebrity and identi-  
fied "her" as a Russian noblewoman,  
a Bolshevik, an actress, etc.

John Milton, the poet, was identi-  
fied by one young hopeful as being a  
brother of Tommy Milton, the classic  
automobile racer.

HAD TO WAIT  
THREE DAYS TO  
GET MARRIED

(By United Press.)

St. Paul, April 1.—Raymond H. Wel-  
don had to wait three days to be mar-  
ried on April Fool's day. It wasn't  
because Weldon had any particular  
love for that day, but because the li-  
cense clerk refused to grant a license  
until he became of age April 1. Mabel  
Z. Munson is the name of the blush-  
ing, pretty young bride.

NEXT GREAT WAR  
WILL BE CAUSED  
BY MODERN WOMEN

DR. NORRIS, NOTED REVIVALIST,  
SAYS EVERY WAR IS CAUSED  
BY DEPRIVITY OF WOMEN

INSTEAD OF SCRAPPING BATTLE-  
SHIPS WE SHOULD BE SLAP-  
PING FLAPPERS

By FRANK GETTY  
(United Press Staff Correspondent.)

New York, April 1.—Modern women  
will cause the next world war, said  
Dr. J. Frank Norris, taxi revivalist,  
who cut loose a powerful blast against  
American women.

The cause of the next war, said he,  
stretched up Fifth Avenue today and  
her sister on Main street apes her.  
Flappers will bring about America's  
downfall. Every war can be traced as  
originating in the depravity of women,  
he said.

When woman shows her knees you  
see the finish of her and the nation  
as well. When she thinks more of  
her eye lashes and nude hosiery, then  
destruction is just around the corner.  
Respect for the law goes with her and  
then comes war.

Our statesmen are scrapping battle-  
ships when they should be slapping  
flappers. Every girl ought to be in-  
bed by 9 o'clock, he said. The coun-  
try girl is as bad as her city cousin.  
Once upon a time they were pure, but  
now gasoline has done its nefarious  
work, and spoiled her pristine beauty.

We have closed the red light dis-  
trict, but instead have put 'em on rub-  
ber tires. A woman's cigarette may  
start the conflagration which will en-  
velop the world in red war. Jezebel  
was the worst woman in the world.  
She was the first queen of the "shift-  
ers." She painted her face.

France Never Thought  
To Contest U. S. Right  
To Reimbursement

(By United Press.)

Washington, April 1.—The French  
government never had any intention  
of contesting the right of the United  
States to be reimbursed for army costs  
due it the same as any government  
which had troops on the Rhine.

France so informed the United  
States through Ambassador Herrick in  
a note sent the American government.

ST. PAUL MAN IS  
MISSING IN CHICAGO

(By United Press.)

Chicago, April 1.—Chicago police are  
searching for R. P. Graham, age 39,  
of St. Paul, who faded from view here  
Wednesday. Not a trace has been  
found of him. Graham came to Chi-  
cago with his wife several days ago.  
He failed to return to his hotel Wed-  
nesday night and his wife had the  
search instituted. He had \$65 with  
him when he left the hotel.

Hiawatha Brand Loganberries make splendid pies as well as being a splendid sauce for dinner or supper. The Loganberry is one of the finest fruits grown in California. It has a lovely flavor and taste all its own. It is a cross between the raspberry and blackberry, combining the qualities of both through scientific grafting.

The Loganberry is about as large as and is shaped like the blackberry, and has the color of the raspberry. The lovely taste and flavor are to be found in no other berry.

her son, Archie Hagadorn, in Moline, Ill. The remains will be brought to Brainerd for interment, and will arrive today accompanied by members of the family. Relatives are expected from North Dakota and elsewhere, and the funeral will take place on Monday from the M. E. church at 3 o'clock. Mrs. Fisher, 511 Broadway, North is a daughter of deceased.

The funeral of Mrs. J. H. Burgoyne, an old and well known resident of Brainerd, who died Tuesday night at the farm home of her daughter, Mrs. Jack Schmidt, at Horse Shoe Lake, took place at 11 o'clock yesterday morning from the residence of Mr. and Mrs. F. A. Farrar, 43 Bluff Ave. N. Many old friends and neighbors were present. Rev. E. E. Cody conducted brief services and Mrs. C. W. Albright and Mrs. C. W. Hoffman sang a couple of hymns. The interment was in Evergreen cemetery and the pall bearers were F. A. Farrar, J. R. Smith, S. R. Adair, W. A. M. Johnston, C. L. Burnett and Chas. Hazen.

## FIRE MARSHALL FIXES SPRING CLEAN-UP DATE

A spring clean-up campaign for the whole state of Minnesota in which every citizen has been asked to help was announced by George Nettleton, state fire marshal, for the week of May 1 to 8.

In instructions as to how the campaign should be conducted Mr. Nettleton urges:

"To city and village officials—urge every citizen to take part in the general clean-up campaign.

"To the merchant—make a thorough inspection of your place of business. Remove all packing cases, barrels, rubbish and other inflammable material that may have accumulated in your basement or store room during the winter. This is for your safety as well as your neighbors."

"For general managers of industrial plants, shops and factories—for the safety of your employees and your plant and follow the instructions to merchants.

"To the housekeeper—clean house from cellar to garret. Keep the home free from rubbish and other inflammable material that may catch fire or spread fire.

Mr. Nettleton pointed out that in the five years ending 1920, the fire losses in Minnesota caused the destruction of property valued at \$41,374,976 as the price paid for public ignorance and carelessness in handling fire hazards, of which fires causing a loss of \$8,753,200 are classed as "strictly" preventable and \$26,337,350 as partly preventable.

Exposure—the effect of communicated fires—was responsible for the heaviest loss, \$17,730,478. Spontaneous combustion caused a loss of \$3,144,614; electricity, \$2,906,591; matches-smoking, \$2,431,939 and stoves, furnaces, boilers and pipes, \$2,327,608.

In the general clean-up campaign Mr. Nettleton urges that there be special programs in the schools to interest the pupils in the work of fire prevention.

## A Luxurious Five Passenger Coupe on the Chassis that Masters the Highway

**R**EAL closed car comfort starts with a chassis—not merely a body. There must be ample power in the motor, a long solid frame, elastic spring suspension and perfectly balanced construction of every mechanical unit.

That is why the 6-66 closed models are supremely fine motor cars. They are equipped with a mighty engine of 70 horse power and a chassis 131 inch wheel base that represents the last word in six cylinder engineering.

One ride will convince you that the 6-66 is, indeed, the Master of the Highway. It will show you that a fine mechanical foundation is essential in any car—closed or open. And you will be surprised and delighted to learn that the new prices range from \$2195 up.

## BREAKS up FEVER

A chiropractor would rather get a fever case than anything else. Why? Because it is a common thing for fevers to break up after one or two adjustments have been given. Fever is excessive heat brought about by certain subluxations; as soon as the subluxations are adjusted and Nature can work normally again, the fever disappears. See your chiropractor. ## STATE OFFICES FOR P. O. DEPT.

PLANS for a decentralization of much of the routine work of the Postoffice Department, under a system of state central offices which, postal officials believe, will greatly increase the efficiency of the service, and at the same time effect an important saving in its cost, are being rapidly completed.

Under the new plan, all details of policy, adjustments and service which have heretofore been thrown upon the department at Washington for final disposition, will be settled by a central office designated to exercise that authority for each state. Offices of this kind have already been designated in several states, and are relieving the department in Washington of money order disputes, complaints, and a multitude of details, the officials say. Ultimately, the thousands of complaints and recommendations now handled by a large body of workers in Washington will be disposed of by the office for each state.

Postmaster General Work says the effect of this change will be not only to relieve the mails of thousands of letter and documents now shunted across the continent, but also a great saving in operating expense and in time required for service adjustment. He declared, in announcing the nature of the plans, that he believed they would mark "one of the most important reforms in the service in several generations, if not in its entire history."

## PAYNE, DINGLEY AND PROTECTION

THE "Commerce Reports" of the Department of Commerce says the duties on all dutiable imports into Austria, other than luxuries, which are paid in paper, are now increased to 700 times the basic gold rates as specified in the tariff schedule. These duties, by the way, have been 300 times the basic rates since November, 1921.

If the late Sereno E. Payne, and the late Nelson Dingley, should pay a fleeting visit to earth and read that statement they would blink their eyes and wonder how such things can be. Then it might be explained to them that a Triumph typewriter made in Nuremberg, Germany, sells in Austria today for 450,000 Austrian crowns, the equivalent of \$57 American money, and they would depart in peace, pausing, perhaps, to comment on the fact that even considering the fallen exchange of Austria, the duty rates have been raised; that this has been done before the American tariff revision was legislated through and cannot therefore be looked upon as a piece of retaliation; and that their advice would undoubtedly be for the Republican Congress to go right ahead and restore the protective policy as speedily as possible, so that industry will know just "where it is at."

## MAKING MONEY IN AUSTRIA

REPORTS from Austria indicate that they have a new way of making money in that poverty-stricken country. It appears that somebody circulated the report that a new American loan of \$50,000,000 had been made by the government, and on the strength of the welcome news many investments and other commitments were made. The Austrian government thereupon issued a denial, causing huge losses to some and corresponding gains to others. One newspaper called the report "a canard which has brought disaster to thousands and vast profits to others."

It is time that the people of Europe should realize the fact that gold from America has ceased to flow. They will save themselves much mental agony if they attend to their own housecleaning and cease soliciting aid from the United States.

## A NORTH DAKOTA DREAM

HERE is an object lesson in politics which shows concisely what the Nonpartisan League did for North Dakota in the few years it was in power in that state. The paragraph is taken from the Valley City Times-Record:

"Six years ago North Dakota was in debt approximately \$300,000. Today the state is in debt some \$14,000,000 and it would be the height of folly to say that we can spend money with such reckless abandon and not have to pay increased taxes. The sinking fund on this enormous debt to pay interest alone will be a big sum and for the next twenty years, no matter how much we reduce expenses at Bismarck and in the county, we will have heavy taxes to pay. We are now paying the piper for an iridescent and visionary dream."

THE Marion (Ohio) Star, President Harding's paper, says: "Before his policies were turned down by something like a margin of 7,000,000 votes, Mr. Wilson was the foremost apostle of leagues and alliances. Now he is opposed even to an imaginary alliance. Who shall say that we do not live to learn?"

A DECREASE of about 200,000 in the ranks of unemployed former service men is estimated by the national adjutant of the American Legion.

THE SUPPORTERS of Judge Hallam who stole the vote of Ramsey county for their candidate probably realize by this time that dishonesty in politics doesn't pay.

THERE appears to be no contest for the Congressional nomination in the Sixth district, and Harold Knutson will probably be endorsed for another term without opposition.

IT is now predicted that in case Judge Hallam does not withdraw his name before a ballot is taken in the State Convention for Senator, he will receive less than 200 votes on roll call.

## OTHER PEOPLES OPINIONS

## COMMUNICATION

Editor Brainerd Dispatch,

My Dear Sir:

In the course of the evangelistic meetings we have held in the Swedish Bethany and Baptist churches for the past few weeks, I challenged the socialist, and anyone of a socialist mind, in an open manner by posters in a paid announcement in your Dispatch and, of course, in reality, in my message of last Sunday night at the Swedish Baptist church. I need hardly add from a Christian point of view.

Due to the published form of this challenge two men called on me a week ago this evening, saying they were appointed by their friends to take me up. They, however, preferably wanted an opportunity to speak at my meeting Sunday night, which, for obvious reasons which I made clear to them and their satisfaction, I could not agree to.

This not being possible, therefore, they were authorized to challenge me in return. It would then be up to me. I was allowed until Sunday evening's meeting to make my decision, at which time I also agreed to make public mention of the return challenge. The men were to be there to accept it. Also, they were to publish same in last Monday's Dispatch.

Thus the matter rested with me, and I want the readers of your paper, Mr. Editor, who read our paid advertisement to know that last Sunday night I did accept the return challenge publicly. My week was filled with my evangelistic engagements, wherefore I saw no decent chance to meet in public discussion, or presentation of views. But I did the next thing best: I offered to write two clear-cut articles in your paper (or any paper) in answer to two similar articles by those who took me up.

It is now Saturday, but I have seen no public acceptance. Nor, indeed, was the spokesman himself present last Sunday evening, for I asked for him openly in the meeting, without response, nor was I able to discover him among my auditors.

As it stands therefore, I can draw no other conclusion than that my challengers found it best not to take me up in return. And this, also, I want the public to know, for the good of the cause of Jesus Christ in Brainerd.

Christ and Christianity, constitutes in himself an unanswerable challenge to Socialism, and I am anxious to have the Christian people of Brainerd know that no true Christian can likewise be a true socialist. Christ does not compromise on anything.

All or nothing, is the gospel of Jesus the Christ. Said Harry Quelch, leading socialist of Great Britain: "Christianity and Socialism are absolutely incompatible."

Our meetings have grown in interest and attendance. Tomorrow we conclude with a Swedish service at the Bethany church at 10:30 and an English service at the same church at 3 p. m., with our last service, English, of the campaign at the Swedish Baptist church.

Most respectfully yours,

A. B. OST

## Canada Pushing Honey Industry.

It is expected that Ontario's honey crop next season will be marketed largely on the co-operative system, as a result of the activities of the committee appointed recently by the Ontario Bee Keepers' association, and with the assistance of the Ontario government. The honey will be graded and have a registered brand for the protection of consumers. Each package will have a distinguishing number, by which it can be traced back to the producer.

## BURN WOOD

The following editorial appeared in the Northwestern Farmstead:

"Crow Wing County is heating its courthouse at Brainerd, Minn., with wood, for which it pays \$6.00 a cord, and saves money over coal, besides furnishing employment for settlers."

"According to the Forest Products Laboratory of the U. S. Forest Service at Madison, Wis. a cord of wood equals a ton of coal when it is of the following varieties: Hickory, Oak, Beech, Birch, Hard Maple, Ash, Elm, Locust, Longleaf Pine, or Cherry."

To equal a ton of coal it takes a cord and a half of short-leaf pine, western hemlock, red gum, Douglas fir, Sycamore or soft maple to equal a ton of coal, and two cords of cedar, poplar, catapa, basswood, spruce or white pine.

There is no reason known to Northwest Farmstead, at least, why state institutions in or closely adjacent to the timber country should not follow the wise and economical example of Crow Wing county and used locally produced fuel for heating. Certainly, other counties could use it. We got out of the habit of using wood in the stoves when there was little wood to be had, when few settlers were going into the cut-over country and when coal prices were low. Now that coal prices are high and the production of wood again is becoming large, it is time for us to wake up to the advantages of wood. It's cheaper, cleaner and, further, buying it builds up our own state. It makes a market for the land clearer's products. He is our customer.

"Let's burn wood wherever we can and insist on our state and county governments doing the same."

The splendid work done by the committee of the Chamber of Commerce on the work known as the "Buy a Cord of Wood Campaign" has resulted in much publicity and another year should see real practical benefits to both the producer and consumer of wood.

Chairman Blackledge and his committee are to be commended for their splendid efforts.

## Yours for Service

You can't expect your battery to go on without service any more than you can expect your tires to stand up without air or your motor to work without oil!

Battery service is our business. We have the equipment, the skill and the knowledge that enables us to make your battery last longer and serve better.

We always recommend Willard Threaded Rubber Batteries, but don't get the idea that you can't get the Willard Standard of Service unless you have a Willard Battery. We have only one grade of service here at Battery Headquarters—and everybody gets it on the same basis whether he's a Willard user or not.

## Reward Offered

It will be easier to accumulate money if you have some worth while object in view, and always fix the date when you mean to pass the next hundred dollar mark.

We know of the self denial of many who at last have obtained their reward, and can witness the fact that their present resources are due to pluck—not luck; and to a bank account—not a pull.

Every day brings opportunity to reward the man who has ready money.

## CEMETERY GETS A WATER RATE

Association Accepts Charge Made of \$25 Per Season for Use of Water at the Cemetery

### ST. PAUL ADDN. WANTS LIGHTS

200 Tons of Six-inch and Eight-inch Cast Iron Pipe Was Ordered by the Board

The water and light board met at 7:45 p. m. and adjourned after midnight. A block of four-inch water main was ordered laid this summer on Maple between 16th and 17th streets to connect two dead ends and serve a new hydrant.

The Cemetery Association officers appeared to ask for free water service. The association was advised that some charge would have to be made, and the charge of \$25 per season was established and accepted.

The old pump house site was leased for pasturage.

E. L. Thomas appeared for residents in St. Paul's addition, bordering Rice lake, and asked for lighting service for them. He was given an agreement to be signed and the line would then be built.

The board instructed the secretary to make a test for leakage of the old four-inch main formerly serving the N. P. hospital site.

An order for 200 tons of six-inch and eight-inch cast iron pipe was awarded to the U. S. Cast Iron Pipe Co. The pipe will be laid immediately.

The hours for workers of the department was fixed for the next six months at 7:30 a. m. to 4:30 p. m. and their rate of pay was restored to the prevailing standard rates.

The board authorized the printing of agreements to be made with consumers who will desire to sprinkle lawns and gardens in June, July, August and September. A charge of 10c per 1,000 gallons will be made on the amount of water used in excess of the normal requirements. In each case the readings of the preceding quarter will be considered the individual's normal requirement.

The subject of proper application of the industrial rate was discussed. The board authorized the purchase of lighting arrestors for electric lines.

### CAR TAGS

Motor Vehicle Owners Must Display 1922 License Plates by April 1 or Pay Penalty

Motor vehicle owners must display their 1922 automobile license tags on and after today, to have the legal right to drive their automobiles, Mike Holm, secretary of state, announces.

The Minnesota law requires that cars carry the licenses after that date and no means is provided whereby a car may be driven otherwise. A new car must be licensed within two days after sale to escape the penalty of 25 cents a day. These points have been ruled on in opinions given Holm by Attorney General Hilton. It has been suggested that the law be amended at the next session to permit use of a car for a few days while a license is being obtained.

J. P. Benston, assistant secretary of state, estimated yesterday that there are several thousand cars which have not been licensed. The motor vehicle license department, he said, is well up with work and all plates applied for—except current business—have been mailed.

### INDOOR PICNIC

Enjoyed by Presbyterian Sunday School at Elks Hall on Friday Night

The Presbyterian Sunday school enjoyed a novel winter picnic Friday night at the Elks hall.

Children and grown-ups alike were presented at the door with little wads of money, to be spent in any way the owner saw fit: for ice cream, cookies, rope quoits, fortune telling or what not.

Each class had a carefully prepared stunt for the entertainment of the 300 people who were present. A boys' class had a militant suffragette brass, etcetera band. A girl's class, dressed as wax dolls, entertained everyone. Some boys were girls; some girls were boys; some boys were negro policemen. The primary department had its snappy exercises. The thread and needle race between four "couples," members of a class of girls, amused all, especially when the prize was awarded to the couple winning fourth place—a reward for gameness and never-give-up-ness.

The grown-ups enjoyed every minute, watching the little ones race and play—games 'n' ev'rything.

Promptly at 10:30 o'clock the party adjourned. The unanimous hope was for another winter picnic next year. The earmarks of the picnic were clock like working of every detail, and perfect freedom and naturalness everywhere.

## 400,000 BIG POTATOES USED ON N. P. DINERS

Four hundred thousand big baked potatoes, weighing on the average of two pounds each, have been served on Northern Pacific dining cars during the last nine months, according to L. K. Owen, dining car superintendent, today.

"The demand is constantly increasing from our customers," said Mr. Owen, "and we are urging farmers of the Northwest to continue raising the big potatoes because of the national advertising value coming to the Northwest by reason of its ability to produce the big, solid, delicious tubers which have made our dining car service so famous throughout the country."

## CITY MANAGER PLAN IS TO BE DEBATED

Large Attendance Expected at High School Debate on Wednesday Evening

### TEAMS ARE WORKING HARD

At Close of Debate There Will be 20 Minute Period of Open Forum Discussion

A large attendance is expected at the high school debate on Wednesday evening. Letters have been sent to many city officials and presidents of organizations inviting them and their friends to be present. School children are carrying the invitation to their parents. The high school assembly room can seat as high as six hundred; it is expected that every seat will be taken. Admission is free.

The teams have been and are working very hard and a good debate is anticipated. The affirmative team is Mary Drewry, Harold Canfield and Irene Evans. The negative team is Lester Clark, Alice R. Johnson, and Richard Pedersen. The question is: "Resolved, that Brainerd Should Adopt the City Manager Plan of Government, Constitutionality Granted."

At the close of the debate the University plan will be followed, namely, that there will be a twenty minute period of open forum discussion by any who wish to take part. No one in this open forum may speak more than once or over three minutes.

The high school orchestra will play before the debate. The time 7:45 Wednesday evening, April 5.

## AMUSEMENTS

## Knighthood Still in Flower

"Don't go to history of the distant past for knight errantry and romance. Go to the Texas border," said William Farnum, the noted actor, who has won the plaudits of millions in heroic roles of the west and southwest. "The Texas Rangers, those brave defenders of the border of Texas, could furnish a new Sir Walter Scott with material for a lifetime—and a long one."

"These men, the Rangers, are made of the stuff of which America will be proud—a band of the bravest and boldest men that ever made history in this country; and they still are making it in their modest way."

"The Rangers were organized in 1832," Mr. Farnum continued, "and bore the brunt of the conflict when Texas separated from Mexico. Later they protected the frontier against the Indians, and since then have been maintained from public funds to protect the border to which outlaws naturally drift."

"The Ranger is constantly alert, constantly on his horse. He carries only a small pack, sleeps on the ground with only a blanket. He can track a bandit through the wildest forest or through the crowded city. His pay is forty dollars a month and found."

"Along with the splendid Canadian mounted police, let us dub those brave fellows self-sacrificing patriots, the true knights errant of America," Mr. Farnum said.

In "The Lone Star Ranger," a William Fox picturization of the famous novel of the same name by Zane Grey, Mr. Farnum has a character that is a fit vehicle for his heroic and emotional powers. This photoplay appears at the Lyceum theatre Sunday, matinee and night, one day only. It is said to contain some extremely sensational episodes.

## Tom Mix in Real Whirlwind Play

Tom Mix in his latest Fox thriller, "Sky-High," is booked for the Lyceum theatre for two days beginning Monday.

"SKY-HIGH" WILLIAM FOX PRODUCTION

This picture is declared to contain the high speed record of Mix's long career. It starts full speed ahead and only lets down twice in the action—once when Tom slides down the side of a cliff on a rope, and again when he drops out of an airplane into the Colorado river.

It might be added that the Grand Canyon of Arizona is a prominent member of the cast and gives able support to Mix. It allows the redoubtable star to skim around its dizzy edges on Tony, his horse, and to ride through its dangerous air pockets in a 'plane. It shows remarkable self-control as Tom glances and ricochets off its side. Seriously speaking the scenes in the Grand Canyon are said to be the most marvelous pieces of motion picture business ever attempted.

Lynn F. Reynolds directed the picture and wrote the story.

## Girl Pawns Her Life for \$50,000

Louis B. Mayer has selected "Her Mad Bargain" as the title for the latest Anita Stewart vehicle for Associated First National release, filmed under the direction of Edwin Carewe.

Walter McGrail, Gertrude Astor, Arthur Edmund Carewe, Adele Farrington, Margaret McWade and Ernest

Butterworth are the principals of the star's supporting cast.

The story of "Her Mad Bargain" is based on the experiences of a girl, who, after attempting suicide, signs a pledge that she will live for at least one year. Love enters her heart, and, by the time the end of the probational period is reached, she stands on the threshold of marital happiness, convinced that life is well worth the struggle after all.

"My Boy" is Best of Coogan Pictures

If "My Boy" Jackie Coogan's newest starring vehicle, at the New Park Sunday, Monday and Tuesday, doesn't break the attendance and box office records at that house we are a poor prophet.

This Associated First National attraction is one of the finest pictures it has ever been our good fortune to see on the screen. In addition to the acting of Jackie, it contains a plausible, coherent story which gives full away to Jackie's talents and furnishes excellent entertainment.

It is a constant delight to watch this little histrionic genius at work. He registers all the emotions, from grave to gay, with a punch that pulls at the heartstrings of the spectator, no matter how young or old, whether naive or blasé.

## World Disarmament Conference Revives Spirit of '76, Says Prominent D. A. R.

Vice-President Coolidge receives congratulations from Mrs. William N. Reynolds of the D. A. R. on Administration's part in Disarmament Conference.

THE national spirit of 1776 reborn on a great international scale."

This is the way in which Mrs. William N. Reynolds, chairman of the International Relations Committee of the Daughters of the American Revolution, summarized the results of the Disarmament Conference in congratulating the administration and delegates upon its result.

As chairman of this important committee of the Daughters of the American Revolution, in whose Continental Memorial Hall at Washington the delegates held their sessions, she is now issuing recommendations to all chapters of the society as to definite action they can endorse to uphold the agreements reached at the conference.

"I see in the treaties drawn up by the delegates of eight great nations the groundwork for an 'International Declaration of Independence,'" Mrs. Reynolds told Vice President Coolidge at the close of the conference. "What our Revolutionary forefathers established for

this nation in 1776, the men assembled at this conference have sought to accomplish for the world. A new international morality has been voiced, and it now remains for us all to do our part in seeing that these treaties are ratified and the pledges contained therein are kept in international good faith."

Mrs. Reynolds has just left her home in Winston-Salem, N. C., on a trip to the Pacific Coast. En route she will attend conferences of the Daughters of the American Revolution in seven states and will personally present the report of her committee on the Disarmament Conference and the recommendations on service this organization of 120,000 women can perform in strengthening international ties.

Special interest centers around Mrs. Reynolds on this trip because of her candidacy for President General of the Daughters of the American Revolution at their forthcoming election. For this post she has the unanimous endorsement of many states and the support of chapters in all parts of the country.

## SULPHUR IS BEST TO CLEAR UP UGLY SKIN

Irritation and Breaking Out Often Healed Over Night, Says Skin Specialist

Any breaking out or skin irritation on face, neck or body is overcome quickest by applying Mentho-Sulphur, says a noted skin specialist. Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation that instantly brings ease from the itching, burning and irritation.

Mentho-Sulphur heals eczema right up, leaving the skin clear and smooth. It seldom fails to relieve the torment or disfigurement. A little jar of Mentho-Sulphur may be obtained at any drug store. It is used like cold cream.
